BABY SHERPA

Sunday, August 29, 2004

DIAPER BACKPACK Baby Sherpa 888-333-3424;
www.babysherpa.com; \$89 Gear & gadgets

People multitask. Now, so do diaper bags. This nine-pocket bag is a four-in-one system housed in a comfortable backpack with padded shoulder straps and back. A diaper-changing section has a large change pad and plenty of space for diapers. A cooler section provides insulated soft-sided storage for bottles, snacks and medicines. A floating padded interior pouch provides extra protection for a camera or breast pump. A personal gear compartment accommodates a wallet, keys, glasses, a cell phone and other items. There's also a removable insulated bottle holder, a pacifier clip, toy loops and storage space for baby gear. It comes in black or navy water-resistant nylon.
